『你必須很努力，才能看起來毫不費力』

出社會之後才發現，人生像是大學很喜歡Shadowing Class，由一場場的shadowing、藉由一連串的模仿及學習，走出一條適合自己的路。常常會有人問我：怎麼可以一樣的工作做這麼久？但即使做了這麼久，仍然有許多值得學習的人，許多想學的事物。工作每個階段有每個階段期望你的模樣，你的每一天也是。昨天妳還是Cupid懷裡的Psyche天真浪漫，明天妳已變成Athena獨立自主充滿智慧。做好每個階段的自己，不斷地在心裡設定許多目標，讓自己能一直保持成長，不斷地超越自己，把自己活的渾圓飽滿。多充實自己，多學學新的事物，讓自己像一棵不斷長高的樹，像一本讓人讀不完的书，讓人也想要shadowing you.

“ You have to work hard to look effortless.”

After I graduated, I found out that my life is like the university's “Shadowing Class”. Through a series of shadowing, imitating and learning, I walked out a path that suited me. People often asked me: How can I do the same job for so long? But even after doing it for so long, I still see many people who are worth learning and many things I want to learn. Every stage of work has what you expect from every stage; so does every day of yours. Yesterday you were the naive and romantic Psyche in Cupid's arms. Tomorrow you will become Athena independent and full of wisdom. Be good at each stage and constantly set many goals in your heart, so that you can always keep growing, constantly surpass yourself, and live your life to a full circle. Enrich yourself more, learn more new things, make yourself like a tree that keeps growing tall, like a book that people can't finish reading, and a person for others to shadow you. ”
