「請告訴自己非得愛上英日文，期限至少是這四年。或許你們有天會對自己未來職涯感到疑惑，但學姐希望你們知道，在拿不準自己興趣前，把英日文學好絕對不會錯，因為在選擇工作或繼續深造，擁有好的外文能力絕對是加分的!畢業後實在很難有如此完整及有系統的學習語言時間，希望你們可以彌補學姐當年沒有學的更好的這份遺憾啊！」

“ Please tell yourself that you must fall in love with English and Japanese for at least these four years. Maybe you will be wondering about your future career someday, but I hope you know that you can never go wrong with English and Japanese literature before you are uncertain about your interests. Because in choosing a job or continuing to study, having good language ability is definitely a bonus! After graduation, it's very difficult to have such a complete and systematic tome for language learning. I hope you can make up for the regret that I didn't learn better back then. ”
