在元智的研究生生活非常多采多姿，除了從不同老師、同學身上學到了不少東西外，也因緣際會認識了許多朋友跟參加了不少交流活動及學術活動。當時因為當助教的关系，跟大學部的學生也有一些互動，那時的教學經驗對我現在的工作有極大的幫助。我記得剛到元智的第一個學期還去旁聽了林煒舒老師的通識課，因此週末還常常跟著老師及修課同學進行台灣文化之旅。回到波蘭後，我在一間國立大學工作，每天忙碌於教學及研究。偶爾想起台灣的學生生活，還是讓我回味無窮。

“ The research life in Yuan Ze is very colorful. In addition to learning a lot from different teachers and classmates, I also met many friends by chance and participated in many exchange and academic activities. At that time, because of being a teaching assistant, I had some interactions with undergraduate students. The teaching experience at that time greatly helped my current work. I remember the first semester when I entered Yuan Ze, I went to listen to teacher Lin Weishu’s general education class. Therefore, I often followed the teachers and classmates on a cultural tour of Taiwan on weekends. After back in Poland, I worked in a national university and was busy in research and teaching every day. Occasionally, I would recall my student life in Taiwan and appreciate the experience. ”
